John Alexander is once again bringing his unique style of teaching and mediumship to ASC for what is bound to be a very special evening! John is visiting us from Great Britain where he did his training at the Spiritualist Association of Great Britain and the College of Psychic Studies in London. John's spiritual work has taken him all over Europe and North America.

Join John and learn the nuts and bolts – the “mechanics” – of Mental Mediumship. Explore spirit vs. psychic connections, learn about cleansing and repairing your aura, and discover how to work with your spirit guides and helpers. This interactive workshop is filled with wonderful exercises that will help you connect with and experience the Spirit World!

PRESIDENT'S MESSAGE FROM REV. EARL WALLACE:

Happy Summer! Can you believe the rain? Well, the camps have opened and in full swing. We have flyers available for both Temple Heights Camp and Madison Spiritualist Camp. Lots of interesting workshops available. Activities both during the week and on the week-ends. I hope you find time this summer to take the opportunity to avail yourself of the knowledge that mediums from across the country have to share by going to Temple Heights. Also see the workshop schedule and Medium's Days available at Madison.

As for our church, we do not schedule as much during the summer. Our pot luck dinners on the third Sunday are on hold until the Fall as well as the Development Class. But the meditation class with Revs. Penny Frobese and Kay Hawkins on Monday evenings are doing well. Thursday classes go throughout the year. (See the schedule inside). But our main focus will be on our 100th Anniversary celebration to be held in August. (See the last page for more information.) It will be an honor to have our National President celebrate with us!!!
